Fall Quarter Social | San Luis Obispo Railroad Museum | 10/28
 2-5 PM | Join us as we explore the SLO Railroad Museum!

Stay Tuned...

Student Leadership Summit, volunteering, and more fun to come!

FROM OUR PRESIDENT

Three weeks into the quarter and I already know we’re going to have a great year! We had 40+ students (half of whom were freshmen!) at each of our first two general meetings. We’ve never seen so many freshmen so excited about transportation. The future of our Student Chapter looks promising!

As we begin a new school year, we welcome a new generation of transportation students and the opportunity to make our impact even more far-reaching. This year, we look forward to building upon the outstanding reputation that our past members worked so hard to develop. Our focus is engaging with freshmen one-on-one to welcome them and to encourage them to explore the truly unlimited opportunities that our Student Chapter offers.

With a chapter growing so fast, the officers and I have increasing responsibility to ensure that our members have opportunities—whether it be through bringing engaging speakers to general meetings, posting about jobs and scholarships, or ensuring that we have adequate funding to travel. Many thanks to the officers!

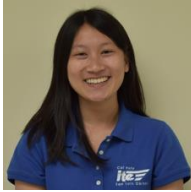

We’re ready for a busy October, during which we’ll visit 3 firms during our Oakland firm tours, judge a “Bus Roadeo,” appease the inner-railfan within us all by exploring the SLO Railroad Museum, and network with local transportation professionals at our SLO Transportation Mixer...all in addition to 3 general meetings! Please follow our adventures in learning about transportation as we embark on a crazy month!

- Vanessa See

Meet the Officers

2017-18 Cal Poly ITE Student Chapter

Vanessa See
President, Junior
I love transportation because of the societal benefits it brings to communities.

Curtis Yee
Co-Social Chair, Senior
I love transportation because of its relevance and practicality.

Brian Gaul
Vice President, Junior
I love how connected and far-reaching transportation is.

Co-oping during Fall quarter!

Bernice Liu
Secretary, Senior
I love transportation because it allows us to get from one location to another.

Studying Abroad during Fall quarter!

Liam Campbell
Treasurer, Graduate Student
I love transportation because it's important to everyone in society.

Adam Shires
Marketing Coordinator, Senior
I love transportation because it keeps us all connected.

Calvin Wang
Historian/Webmaster, Sophomore
I love transportation because it moves society toward a better future.

Ashley Kim
Past President
I love transportation because I'm able to travel to any destination thanks to it.

Arroyo Grande Parking Study

September 23-October 2, 2017

We received the opportunity to assist a traffic engineering firm perform a parking study along an arterial in Arroyo Grande. Thirteen members took advantage of this opportunity to perform tasks comparable to that of a transportation engineering internship. For 3 days, we walked and drove up and down Arroyo Grande's East Grand Avenue, creating an inventory of parking spaces and performing a parking occupancy study. Of course, we enjoyed In-N-Out after! This is what our Chapter is all about—learning and having fun!
